BSc in Computer Science, Swansea University (Results: 2.1) 2018-2022

Advanced OOP
Web Development
Database Systems

A Levels - Bracknell & Wokingham College, 2015-2018

Mathematics
Chemistry
Physics

KEY SKILLS —

JavaScript
Java
HTML
CSS
Python
MySQL
MongoDB
Node.js
Express.js
React
Git
Github
Jasmine
Jest

PROJECTS

Gurkha One
Gurkha One is an iOS based mobile application, developed with React Native framework for front-end and NodeJS for back-end. This was a final year dissertation project which allows users to view previous / current / upcoming football tournaments held annually. Utilises the use of JWT for authentication. Storing each user's data securely in the database to prevent any breach in security.

Peep n Chill
Peep n Chill is a full stack web application built using React for front-end, CSS to style the layout of each component in the website. MongoDB and Express.js was used for back-end to store each users data such as posts and comments. This was an assignment in a training course as an introduction to experiment with basic CRUD operation and how it is used in our daily lives, such as authentication, and allowing users to post "posts" and view others posts.

News – Summary
News Summary is a dynamic web application built with React, NodeJS and Express.js to create API routes. The aim is to manipulate the data and display the current news headlines, images and summary to the users using the Guardian API.

Personal Site – My personal portfolio

EMPLOYMENT

BARTENDER - COCONUT BAR & KITCHEN (Jun 2022 – Dec 2022)

Part of an extremely busy and customer focused environment. Here, I developed skills such as **working under pressure** during peak time, **organising the workload** given and **prioritising** them. Most importantly I learnt to **communicate efficiently** and **effectively in a group** to ensure each customer had a great experience during their visit.

INTERESTS

Taking up online courses to learn new programming languages and improve my current knowledge of the language.
Playing football.
Going to the gym.
